GREAT AMERICA PAC ENDORSES DOUG COLLINS FOR U.S. SENATE

LEADING PRO-TRUMP SUPER PAC THROWS THEIR FULL SUPPORT BEHIND REP COLLINS' BID TO DEFEAT APPOINTED SEN KELLY LOEFFLER IN GEORGIA SENATE RACE

Alexandria, VA – Great America PAC, a leading pro-Trump Super PAC, and its Chairman Ed Rollins today announced their formal endorsement of Representative Doug Collins in his race to unseat newly appointed Georgia Senator Kelly Loeffler.

“Goergians have seen the effective leadership of Doug Collins for years and the nation witnessed his strength and conviction during the partisan impeachment hearings of President Trump,” said Rollins. “Collins is exactly the type of leader Georgia needs in the U.S. Senate. In a very short time, Kelly Loeffler has proven she puts protecting her personal wealth well before protecting her constituents. This type of behavior is exactly what’s wrong with the DC swamp and must be rooted out.”

Beyond their strong support of President Donald Trump, Great America PAC has a proven track record of supporting successful U.S. Senate candidates including Marsha Blackburn, Kevin Cramer, Josh Hawley, and Rick Scott, and unseating ineffective Senators including Jeff Flake, Heidi Heitkamp, Claire McCaskill, and Bill Nelson.

“Great America PAC is one of President Trump’s strongest supporters and I am very honored to earn their support in my run for the U.S. Senate,” said Collins. “They played a critical role in electing the President in 2016, and I am confident they will do the same for me in 2020. I have tremendous respect for Ed Rollins and am proud to have his personal support as well.”

Great America PAC is a leading pro-Trump Super PAC led by veteran Republican strategist, Ed Rollins. Since 2016, the group raised and spent \$40 million in support of Donald Trump’s candidacy, presidency, and agenda. The group is one of the most active on the national political landscape, with over 250,000 contributors, broadcasting more than 25,000 TV spots and 300,000 radio ads, placing 30 million phone calls, sending over 2.5 million pieces of mail, and maintaining a file of millions of active, engaged Trump supporters across the country.
